

## FOREWORD

The Myanmar Statistical Yearbook, 2015 provides update compendium of statistics on demographic, socio-economic and environmental aspects of the country to a national and international audience.

The statistics are compiled mainly from administrative records from the relevant ministries, departments, private agencies and partly from the 2014 Census and surveys conducted in the country.

The current edition has been completely renewed in its graphic, content and dissemination. A great attention to graphics and visual elements is paid while methodology sheets on statistical sources, a glossary and an analytical index are the tools to better respond to the information scope and depth of users needs.

In addition to the printed version, the Yearbook is available on a web page of the Central Statistical Organization institutional site [www.csostat.gov.mm](http://www.csostat.gov.mm) and [www.mmsis.gov.mm](http://www.mmsis.gov.mm) accompanied by tables in excel format.

The department welcomes comments and suggestions for the improvement of this publication.
